VOLUME FIFTY THREE

1958

THE HEART OF OUR COMMUNITY

WE ARE PROUD

to dedicate this yearbook to the community in which we live. Without the co-operation and help from our community we would not have the beautiful school and educational system which is available to us. We, the students of Alton Senior High School, have chosen to dedicate this volume of the TATLER to Alton, Illinois, our community because we are indebted to it. Through the work of the community unnumbered opportunities have been placed before us.

HASKELL HOUSE

serves as City Hall for the Alton Community Unit School District No. 11. The Board of Education and Administrative Staff make decisions affecting the welfare of our schools after asking "What is best for the students?"

BOARD OF EDUCATION OF THE ALTON COMMUNITY UNIT SCHOOL DISTRICT NUMBER 11

ROBERT B. LYNN, M.D.

President

CHARLES J. HEMPHILL, D.D.S.

Secretary

C. R. FREEMAN

Director of Personnel

B. T. HAYNES

Director of Public Relations

MRS. MARY C. HERSHEY

Director of Health and Safety

The first public school in Alton was founded in 1837 on the site of the present Lincoln School. In the past 120 years, the public school program has grown to include 36 buildings, serving 9,900 pupils from kindergarten through grade 12.

Our school community has increased materially since 1947. This expansion and increase has been due to several factors: (1) increased revenue through increased taxes, (2) new leadership on the Board of Education, and (3) new leadership in the administration.

Since 1945 six special school elections have been held and all six were carried by large majorities.

As a result of these special elections it is reasonable to assume that the people are interested in good schools for our community and that they have confidence in the ability and integrity of the members of the Board of Education. We wish to thank this Board for their efforts in our behalf.

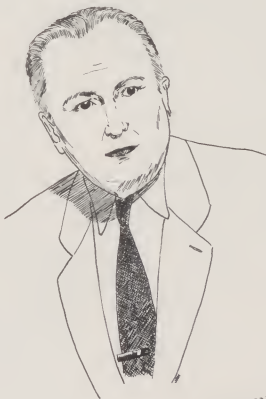

R. S. MINSKER

Director of Curriculum

E. P. WATERHOUSE

Director of Buildings and Grounds

IN APPRECIATION

DR. JAMES BURRIS JOHNSON

For the countless hours of patience and guidance that Dr. Johnson has extended to our community, we wish to offer our sincere thanks.

OLIN VOCATIONAL BUILDING

A thorough industrial and vocational education for the students of Alton High School is possible as a result of the late Franklin W. Olin's faith in the youth of our community.

ANNEX BUILDING

The Annex Building, the latest addition to our school, serves as the new home of the Language, Business Education, and Art Departments.

MR. G. C. DAVIS

Mr. G. C. Davis, head administrator at Alton Senior High School, is known throughout the area for his progressive, yet discreet views on modern teaching techniques. Mr. Davis and his assistants are largely responsible for the excellent reputation that Alton High enjoys today.

As the years pass, it is our fervent and constant prayer that we never let annoying and petty details blind us to the innate goodness, the rewarding attitudes, the sense of responsibility and honesty, the moral courage, and the surprising degree of maturity of young people.

VARSITY FOOTBALL

The Redbirds opened their 1957 football season by downing Webster Groves 26-0. They went on to beat Marquette 13-7, but were stopped by Quincy in a close game, 21-20. The team then defeated Wood River, 40-0, tied Collinsville 7-7, but again was stopped by a tough East St. Louis

team in an 8-7 struggle. The Redbirds took revenge by beating Granite City 18-8, tying Edwardsville 0-0, and beating Belleville 21-12. When the season ended we had won five games, lost two, and tied two, and we were tied in a four-way split for Conference champs.

VARSITY BASKETBALL TEAM

The basketball season of 1957-1958 was certainly a thrilling one. Prospects for the next year's team are bright with Mike Hunter, Gary Shackelford, Ed Crumer, and Clyde Marquis, all first stringers, returning to Alton High. Letters this year will probably go to Mike Hunter, Paul Borman, Clyde Marquis, Ed Crumer, Jerome Lacey, Earliest Lacey, and Gary Shackelford.

GOLF TEAM

The 1957 golf team was really something to look at. We won seven out of eight dual meets, placed second in a triangular meet, and eighth in a field of seventeen at Quincy. We did not place high in the state competition, but we won the district and conference titles.

This year's team should be even better since all the members will play again in the spring.

THE PROCESSION

Nearly two decades ago you joined The Procession -- The Procession of mankind. For centuries The Procession has gone on before you, with people by the countless millions joining the ranks momentarily, only to pass on after the brief flicker of a lifetime. Endless marching of The Procession has cut a wide swath across the face of the earth, piercing the shadows of time -- forever growing, forever learning -- taking from those who have gone before, giving to those who have followed.

Now the day has come for you to seek your ultimate place in The Procession. Some of you must prepare to fill vacancies at the head of The Procession to replace leaders who will some day fall by the wayside. Others must join as followers who must strive equally hard to be good followers.

Reach forth to accept the endowment of those in The Procession who have already passed. Grasp their successes and their failures with a firm conviction. Correct and profit by their mistakes. Perfect their ideas. Develop their plans for the tomorrow that is new year today, and enrich the heritage of the generations that will follow. Be not content with The Procession as you find it, but keep its course ever true, constantly seeking these idealistic goals that have contributed so greatly to the building of our great country -- America.

the 1990s, the number of people with a diagnosis of schizophrenia has increased in the United Kingdom (Meltzer 1997). The prevalence of schizophrenia in the United Kingdom is estimated to be 1.2% (Meltzer 1997).

There is a growing awareness of the need to improve the lives of people with mental health problems. The United Kingdom has a number of government departments and agencies that are responsible for the care of people with mental health problems. The Department of Health is responsible for the overall policy and funding of mental health services. The Department of Social Security is responsible for the provision of social security benefits to people with mental health problems. The Department of the Environment is responsible for the provision of housing and other social services to people with mental health problems.

The National Health Service (NHS) is responsible for the provision of mental health services. The NHS is a public body that is funded by the government. The NHS is responsible for the provision of a wide range of mental health services, including community mental health teams, inpatient services, and out-patient services. The NHS is also responsible for the provision of mental health services to people with learning disabilities.

The Mental Health Act 1983 is the primary legislation governing the care of people with mental health problems in the United Kingdom. The Act sets out the powers of the courts and the powers of the Secretary of State. The Act also sets out the powers of the Mental Health Review Board. The Mental Health Review Board is an independent body that is responsible for the supervision of people with mental health problems who are subject to a compulsory treatment order.

The Mental Health Act 1983 has been amended a number of times. The most recent amendment was the Mental Health Act 2003. The 2003 Act introduced a number of changes to the 1983 Act, including the introduction of a new compulsory treatment order. The 2003 Act also introduced a new system of supervision for people with mental health problems who are subject to a compulsory treatment order.

The Mental Health Act 2003 has been widely criticized. Critics have argued that the 2003 Act is too restrictive and that it does not provide enough protection for people with mental health problems. Critics have also argued that the 2003 Act is too complex and that it is difficult to understand. Critics have also argued that the 2003 Act is too costly and that it is not worth the expense.
